

### Industry Visit By Ardent Technology Pvt. Ltd

An industry visit has been organised by Computer Science and Engineering Department in collaboration with the Industry Institute Partnership Cell on 10<sup>th</sup> June 2021. The industry visit was conducted in Ardent Technology Pvt. Ltd. The students who visited the lab could actually get a look and feel about the industry live projects. The technologies used in recent times gave them a clear view of the updated industry needs. The students got the opportunity to learn from the industry personnel. Industry visit enables to bridge the gap between industry and academia to a lot extent. It provides the students with a clear view of the technological requirements of the industry.
