

MLDA 2019

MLDA 2019: The Workshop on Machine Learning for Data Analytics using R (MLDA 2019) is aimed to address current state-of-the-art of Machine Learning and Data Analytics both in Academia and Industry. The workshop helps to understand the progress of Machine Learning in the field of Data Analytics both at research and application level. The goal of this workshop is to deliver in-depth concepts, methods, applications by integrating Machine Learning methodologies for Data Science advancement. The hands-on session of this workshop demonstrate how to apply Machine Learning methodologies for the Data Analytics application using R. Number of Participants present in the workshop was 46. The following are the list of distinguished speakers:

Distinguished Speakers:

1. Prof. Aditya Bagchi, Emeritus Professor, Ramkrishna Mission Vivekananda University
2. Prof. Amlan Chakrabarti, Dean Faculty of Engineering & Technology, University of Calcutta (ACM Distinguished Lecture)
3. Prof. Bhabatosh Chanda, ISI
4. Prof. Indranil Mukhopadhyay, ISI
5. Mr. Ambarish Ganguly, TCS
6. Mr. Mrityunjay Panday, Cognizant

Experts of R:

7. Dr. Saptarsi Goswami, University of Calcutta
8. Mr. Dibyendu Bikash Seal, University of Calcutta
