D. Highlight Facilities, Infrastructure of Pre-Incubation & Incubation kind and Student bodies/clubs engaged in promotion of Innovation and Entrepreneurship in the campus

- Dedicated room with computers and Wi Fi connection has been allotted for the smooth running of the various activities under IIC Cell.
- Our institute faculty members and alumni members act as mentors.
- Our Alumni Entrepreneurs usually come to our Institute and address the students sharing their journey of being an Entrepreneur.
- In addition to your coursework, students have the opportunity to engage in various projects, seminars, and hackathons. Our affiliation with the Institution of Engineering and Technology (IET) Kolkata Chapter, SPIE, IEEE, ACM also open doors for them to participate in diverse projects both within Kolkata and internationally. At this, they gather knowledge and innovative idea regarding different projects.

One of the important and inspiring facilities of IIC is the BPPIMT Robotics Club, also known as **Divyantra**, is part of the institute's Techforum as well as IIC and is dedicated to promoting interest and skills in robotics through workshops and competitions. The club has organized events like workshops on robotics and automation, and its members have achieved significant success.

Key Activities & Achievements

- **Workshops:**

The club organizes workshops and events to provide hands-on learning experiences in robotics and automation for students.

- **Community Outreach:**

The club collaborates with other departments to conduct robotics and management workshops for school students, aiming to foster curiosity and provide career guidance.

Club Name and Affiliation

- The official name of the robotics club at BPPIMT is Divyantra.
- It is a part of Techforum (Abhyantran), the institute's technical forum.
- Team DEVTA won first place in the Aqua Rush competition at Celesta'23 (IIT Patna) in 2023.

Report on Industrial Visit at Haldia Energy Limited (HEL), Haldia on 11.03.2024

A one-day industrial visit was organized by the Department of Electrical Engineering and in collaboration with Institution's Innovation Council of B. P. Poddar Institute of Engineering and Technology at Haldia Energy Limited on 11th March 2024. Haldia Energy Limited, developed a 2X300 MW Thermal Power Plant at Haldia, West Bengal to cater the growing power demand of the city of Kolkata and its suburbs. The units began commercial operation from January 2015 onwards. The company supplies its power to CESC Limited, the distribution licensee for the city of Kolkata. 62 Students from the 3rd year EE participated in the industrial visit under the supervision of faculty members. Dr. Argha Kamal Pal, Coordinator of this industrial visit, arranged the entire event smoothly.

A brief presentation on the history and background of the power plant, environmental aspects, operation and control of the thermal power plant was shown to the students in session1, followed by a visit to the different sections of the power plant in session 2. Industrial visits are very much helpful as the rapid pace of change in the outside business environment and the advanced technology can bring both academia and industry together to bridge the gap.
